

# MATERIAL SAFETY DATA SHEET

## Ultimate Roof Tile Sealer - Clear - Impregnating Formula

Date 2019-02-06

SECTION 1: Identification of the substance/mixture and of the company/undertaking			
<b>1.1. Product identifier</b>			
Product name	Ultimate Roof Tile Sealer - Clear - Impregnating Formula		
Product code	EVEURTS		
<b>1.3. Details of the supplier of the safety data sheet</b>			
Company	EVEREST TRADE PAINTS		
Address	Unit 4 Tranker Lane, Rhodesia Worksop, Nottinghamshire S80 3LG		
Website	www.everesttradepaints.co.uk		
Telephone	0800 0438220		
Email	sales@everesttradepaints.co.uk		
<b>1.4. Emergency telephone number</b>			
Emergency telephone number	0800 0438220 9am - 6pm Monday - Friday		
SECTION 2: Hazards identification			
This material is not classified as hazardous: <b>NON-HAZARDOUS</b>			
Road and rail	NON-DANGEROUS GOODS		
Poisons schedule	None Allocated.		
SECTION 3: Composition/information on ingredients			
<b>Components CAS number proportion risk phrases</b>			
Components	CAS Number	Proportion	Risk Phrases
Water	7732-18-5	30-60%	-
Synthetic Polymer(s)	-	30-60%	-
Ingredients determined not to be hazardous	-	To 100% -	-
SECTION 4: First aid measures			
Inhalation	Remove victim from area of exposure - avoid becoming a casualty. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume most comfortable position and keep warm. Keep at rest until fully recovered. Seek medical advice if effects persist.		

<b>Skin contact</b>	If skin contact occurs, remove contaminated clothing and wash skin with running water. If irritation occurs seek medical advice.
<b>Eye contact</b>	If in eyes, wash out immediately with water. In all cases of eye contamination, it is a sensible precaution to seek medical advice.
<b>Ingestion</b>	Rinse mouth with water. If swallowed, give a glass of water to drink. Seek medical advice.
<b>Medical attention and special treatment</b>	Treat symptomatically.
<b>SECTION 5: Firefighting measures</b>	
<b>Hazards from combustion products</b>	Not combustible, however following evaporation of the water component of the material, the residual material can burn if ignited. On burning will emit toxic fumes
<b>Precautions for firefighters and special protective equipment</b>	Fire fighters to wear self-contained breathing apparatus and suitable protective clothing if risk of exposure to vapour or products of combustion.
<b>Suitable extinguishing media</b>	Not combustible, however, if material is involved in a fire use: Fine water spray, normal foam, dry agent (carbon dioxide, dry chemical powder)
<b>SECTION 6: Accidental release measures</b>	
<b>Emergency procedures</b>	If contamination of sewers or waterways has occurred advise local emergency services.
<b>Methods and materials for containment and clean up</b>	SMALL SPILLS: Slippery when wet. Avoid accidents, clean up immediately. Collect in a container for disposal via special chemical waste collection. LARGE SPILLS: Slippery when spilt. Avoid accidents, clean up immediately. Contain - prevent run off into drains and waterways. Use absorbent (soil, sand or other inert material). Collect and seal in properly labelled containers or drums for disposal.
<b>SECTION 7: Handling and storage</b>	
<b>Conditions for safe storage</b>	Store in cool place and out of direct sunlight. Keep containers closed when not in use - check regularly for leaks.
<b>Precautions for safe handling</b>	Keep out of reach of children. Avoid eye contact and repeated or prolonged skin contact.
<b>SECTION 8: Exposure control/personal protection</b>	
<b>Occupational exposure limits</b>	No value assigned for this specific material by the National Occupational Health and Safety Commission.
<b>Engineering controls</b>	Provide adequate ventilation. If using indoors, keep windows and doors open during use. Keep containers closed when not in use.
<b>Personal protective equipment</b>	The selection of PPE is dependent on a detailed risk assessment. The risk assessment should consider the work situation, the physical form of the chemical, the handling methods, and environmental factors. Personal Protection: B - OVERALLS, SAFETY SHOES, SAFETY GLASSES, GLOVES. MANUFACTURE, PACKAGING AND TRANSPORT: Wear overalls, safety glasses and impervious gloves. Always wash hands before smoking, eating, drinking or using the toilet. Wash contaminated clothing and other protective equipment before storage or re-use. If there is a risk of eye contact and repeated or prolonged skin contact wear gloves and safety glasses. Wash hands after use.
<b>SECTION 9: Physical and chemical properties</b>	
<b>Physical state</b>	Viscous liquid
<b>Colour</b>	Coloured
<b>Odour</b>	Bland
<b>Solubility</b>	Miscible with water.

Specific gravity	1.0-1.7 @20°C
Relative vapor density (air=1)	Not available
Vapour pressure (20 °c)	Not available
Flash point (°C)	Not applicable
Flammability limits (%)	Not applicable
Autoignition temperature (°C)	Not applicable
% Volatile by volume	Not available
Solubility in water (g/L)	Miscible
Melting point/range (°C)	Not applicable
Boiling point/range (°C)	100 (water)
Decomposition point (°C)	Not available
pH	8-10
Viscosity	Not available
Evaporation rate	Not available
<b>SECTION 10: Stability and reactivity</b>	
Chemical stability	Stable under normal conditions of use.
Conditions to avoid	Avoid contact with foodstuffs.
Incompatible materials	Incompatible with oxidising agents.
Hazardous decomposition products	Oxides of carbon.
Hazardous reactions	None known.
<b>SECTION 11: Toxicological information</b>	
No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label. Symptoms or the effects that may arise if the product is mishandled and overexposure occurs are:	
Ingestion	No adverse effects expected, however, large amounts may cause nausea and vomiting.
Eye contact	May be eye irritant.
Skin contact	Contact with skin may result in irritation.
Inhalation	Where this material is used in a poorly ventilated area, at elevated temperatures or in confined spaces, vapour may cause irritation to mucous membranes of the respiratory tract, headache and nausea.
Long term effects	No information available for the product.
Toxicological data	No data available for the product.
<b>SECTION 12: Ecological information</b>	
Ecotoxicity	Avoid contaminating waterways.
<b>SECTION 13: Disposal considerations</b>	
Disposal methods	For small quantities: Do not pour leftover paint down the drain. Unwanted paint should be brushed out on newspaper, allowed to dry and then disposed of via domestic waste collection. Empty paint containers should be left open in a well-ventilated area to dry out. When dry recycle the container via steel can recycling programs. Disposal of empty paint containers via domestic recycling programs may differ between local authorities. Check with your local council first. For large

	quantities: Refer to Waste Management Authority. Dispose of material through a licensed waste contractor. Normally suitable for disposal at approved land waste site.
<b>SECTION 14: Transport information</b>	
Road and rail transport: <b>NON-DANGEROUS GOODS .</b>	
Marine transport: <b>NON-DANGEROUS GOODS .</b>	
Air transport: <b>NON-DANGEROUS GOODS</b>	
<b>SECTION 15: Regulatory information</b>	
<b>Classification</b>	Based on available information, not classified as hazardous NON-HAZARDOUS SUBSTANCE
<b>Poisons schedule</b>	None allocated.
<b>SECTION 16: Other information</b>	
<b>Reason(s) for issue</b>	This safety data sheet has been prepared by Everest Trade Paints
